

Linear Matrix under cabinet lighting OFF

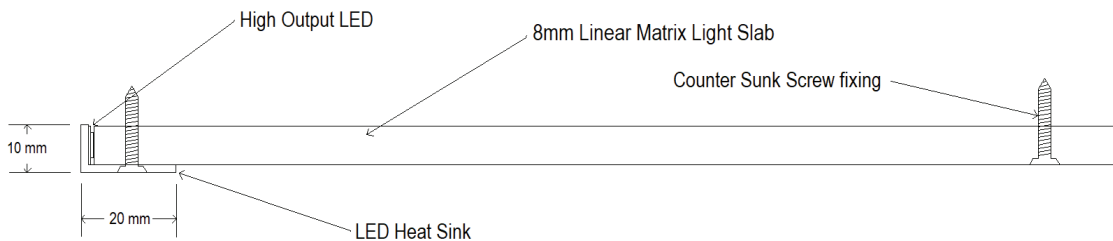

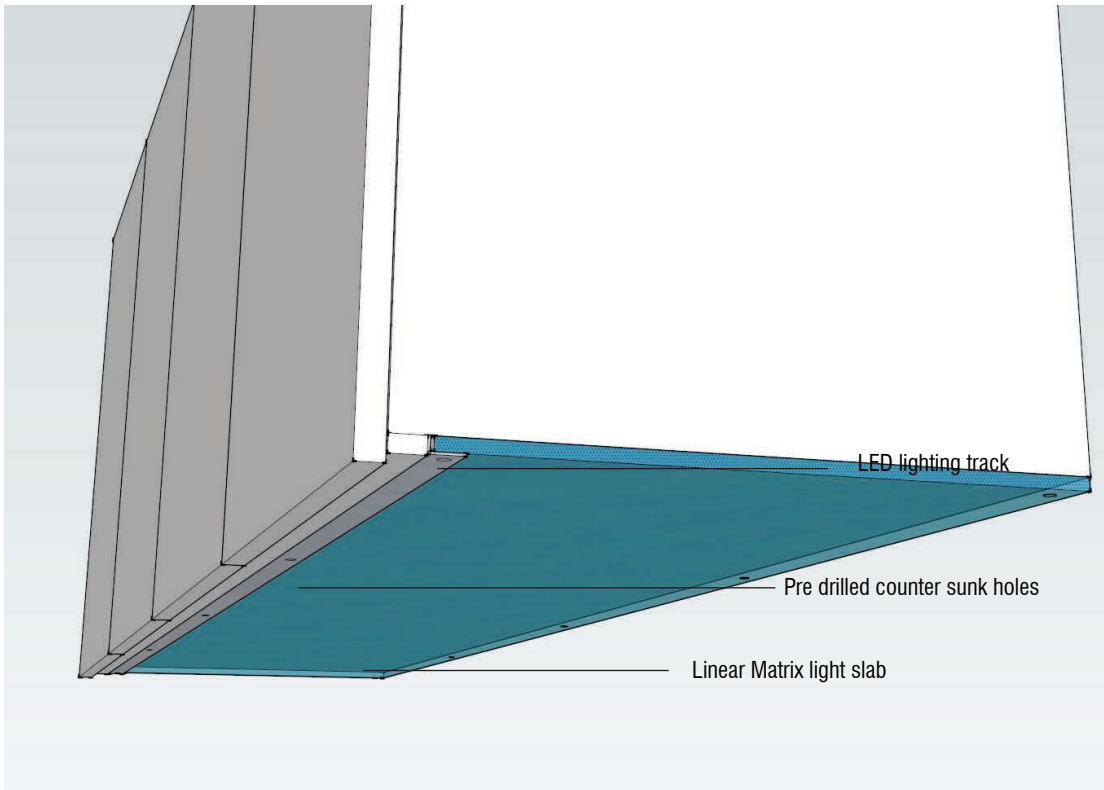

Linear Matrix under cabinet lighting ON

The Linear Matrix under cabinet lighting solution delivers optimal illumination for kitchen and work areas with its slender 10mm profile. The units are manufactured to custom specifications in Australia to ensure a precise fit.

This lighting system offers shadow-free lighting for your kitchen and work areas, making it ideal for work lighting applications. Operating on low voltage 24vDC power, it offers energy efficiency and low heat emission, thanks to the use of high-lumen LED technology that eliminates hot spotting on surfaces.

With its sleek design, the Linear Matrix under cabinet lighting enhances the aesthetic appeal of your kitchen or work area and provides a more comfortable environment for food preparation or other tasks. The lighting system is easy to install and can be discreetly placed under the forward edge of overhead cabinets, with a depth of only 10mm. It is highly recommended to include the Linear Matrix under cabinet lighting in your kitchen design at the drawing stage for optimal results.

Panel Depth:	10mm - single sided.
Illumination:	Linear Matrix light slab incorporating premium quality super bright white SMD LED technology.
Colour Rendering:	3000k Warm White 4000k Neutral White 6000k Pure White
Optional Dimming:	PWM (Pulse Width Modulation) DALI / DALI-2    1-10v Analog RF/hand held standalone remote
Application:	Indoor applications ONLY.
Power:	15watts per Linear Metre @ 24vDC.
Linear Matrix light slab depth:	8.0mm.
Minimum MFG size:	300 x 300mm.
Maximum MFG size:	3000 x 450mm.
Standard sizes:	Any size from minimum to maximum sizes, all units are made to order.
Power cable exit:	To be established by client.
LED mounted heat sink	20 x 10mm satin natural anodised aluminium.
Mounting:	Linear Matrix light slab supplied counter sunk & pre drilled for easy installation.
LED driver:	External of light slab, 1 x LED driver can run multiple under cabinet lighting units.
Manufactured:	Designed and Manufactured in Australia.
Warranty:	5 years LED illumination & LED driver (Return to Base).
